Elba E911 dispatcher delivers baby in front of police department

by Linda Hodge, Editor

Working the night shift at the Elba Police Department literally "delivered" for dispatchers and officers last Saturday night, March 16, in Elba.

Just after 11 p.m., Elba E911 dispatched Jesse Jones took a call from a frantic mother-in-law in search of the exact location of the EMS building in Elba. She explained her daughter-in-law was in labor and she did not feel she would make it to the hospital in time.

Knowing Haynes Ambulance had just been dispatched to another call, Jones did not hesitate when he advised the caller to come to the police department instead. He said he explained that the EMS provider had just left to answer another medical call, and while a backup

ambulance was in route to Elba from Opp, it would be several minutes before it's arrival.

Jones made his 'on-duty' team aware of the situation, and they all prepared to handle it. This included fellow dispatcher Denise Boyd, Elizabeth Snell and officers Chase Rogers and Robert Seagle.

Boyd said she knew the moment the vehicle arrived as it came whirling into a parking spot in front of the police department.

"Some people think all our dispatchers do is answer phone calls," Police Chief Leslie Hussey said. "This is a perfect example of how frantic their jobs can be, and it shows they do a whole lot more than just answer a phone."

Jones went outside to check on the expectant mother, and he said the first thing she said to him was, "I've got to push!"

Having nearly 20 years of EMT training/experience himself, Jones let his training take over as he checked the patient and realized quickly that there was no wait in this situation...the baby was coming as the crowning was in progress.

Officer Rogers, the sergeant on shift, said he gladly assisted Jones as the "flashlight holder" for this emergency. Officer Seagle provided assistance as well.

Inside, dispatchers Boyd, also seasoned veteran on the job, and Snell, a two-month trainee, were making contact with Haynes Ambulance keeping them informed of the situation and determining an arrival time for the medics.

When Jones determined there was no waiting for the medics to arrive, Officer Seagle returned inside to let Boyd know and get a new estimated time of arrival from Haynes. He said he rushed back to give that to Jones only to find out, "too late, we have a baby!"

Jones said he had hoped there would be time for the Haynes medics to arrive, but upon learning this would be the mother's sixth child, he knew that would not be possible in the state she arrived at the police department. So, he said he did what his training had taught him to do.

"Having EMS experience, this was actually my fourth baby delivery," Jones said. "But, it was the first one where I had to do it on my own."

Sgt. Rogers said he held

This group of Elba Police Department employees had a night they will not soon forget Saturday, March 16, as dispatcher Jesse Jones (front, center) delivered a baby from inside a vehicle in front of the police department in downtown Elba. Jones said the help he received from his fellow co-workers on duty was invaluable in assuring a positive outcome to this emergency. Pictured with Jones are (front, l to r) fellow dispatchers Elizabeth Snell and Denise Boyd, right; and (back, l to r) Officer Robert Seagle and Sgt. Chase Rogers. Coffee County officials make arrest in murder investigation

by Linda Hodge, Editor

In a press conference held Thursday morning, March 14, at the Coffee County Sheriff's Office in New Brockton, Ala., Twelfth Judicial Circuit District Attorney Tom Anderson and Coffee County Sheriff Dave Sutton announced the arrest of a suspect in an ongoing murder investigation.

Anderson said Joey Grissett, age 46, of Coffee County Road 663 in Coffee Springs, Ala., had been arrested and charged in the murder of Ricky Brown, age 56. Authorities said Brown's last known physical address was Opp, Ala.; however, he also had ties to the Kinston and Basin communities in Coffee County.

Anderson said officials believe Brown was killed sometime between the evening hours of Saturday, March 2 and prior to heavy rain storms moving through the area on Sunday, March 3rd. His burned body was found on the property of Grissett's residence on County Road 663 in Coffee Springs on Monday, March 4th.

Anderson said the cause of death is believed to be a combination of blunt force trauma to the head and neck area and a crushed larynx. He said officials believe the body was burned post mortem.

"We believe we have enough circumstantial and pending physical evidence to establish this cause to this point," Anderson said in regard to Grissett's arrest. He added that

District Attorney Tom Anderson and Sheriff Dave Sutton announced Thursday, March 21, the arrest of Joey Grissett in the murder investigation of Ricky Brown.

Grissett was and had been the only legitimate suspect during the investigation.

Sheriff Sutton said Thursday morning during the press conference that the accused, Joey Grissett, was in the Coffee County Jail at that time. He was transported to Coffee County from custody of the Jacksonville, Florida Police Department on Wednesday, March 13th.

Grissett, however, was taken into custody by Jacksonville police around 9 p.m. Monday, March 4th.

According to Anderson, Grissett was believed to be on the run when he walked up to a security guard at the Jacksonville Airport and told that guard there was a body at his home. He said Grissett had his passport and a large amount of cash on him at the time he was taken into custody.

Anderson added that officials had yet to deter-

mine why Rogers was on Grissett's property, but the two were known to be acquaintances. He said it actually was family members of the accused that recognized the burning vehicle on the property Monday, March 4, and made contact with family members of the deceased. He said Rogers' family members came to the scene because of the burning vehicle.

Anderson said it was shortly after that when the body was found. Coffee County deputies confirmed the body was found approximately 100-ft from a trailer on Grissett's property, not inside the vehicle.

Anderson said multiple agencies had worked tirelessly to bring this ongoing investigation to this point, and he thanked those agencies for their work. He said the agencies included the Coffee County Sheriff's Office, District Attorney's Office, Houston County Sheriff's Office, Alabama Department of Forensic Sciences, Alabama Fire Marshal's Office, and law enforcement authorities in Florida.

"Beware of false knowledge; it is more dangerous than ignorance." - George Bernard Shaw

The Boeing planes that have crashed have folks in a panic and possibly with good reason. We don't know. The action by President Trump to ground the planes came after a bit of heavy pressure. It is another prime example of why Yours Truly doesn't need to be president. That was a relatively small decision on the presidential level but would have been an awesome one coming from this corner of the world. Apparently, there is no real evidence that a crash was a fault of either plane. Yet if it was some design flaw and we didn't ground them until several hundred more passengers died, that would be even worse.

Personally, we expect the experts to conclude that a malfunction relating somehow to the computer systems of the planes caused the two Boeing crashes. Some years ago, several airlines were having sudden problems making the planes inoperable and once they discovered exactly what it was, trained the pilots on what to do if that happens, the answer was not 'abandon ship!' If memory serves us at all on this, the simple answer was to turn off the electronics and fly the plane manually.

We should follow up on our comments several weeks ago about the legislative bill to give a \$1,000 per month expense allowance to the Coffee County Sheriff. The bill, as it was approved by the county commissioners and advertised, specified words to the effect that the expense money could be considered for retirement benefits. We howled. The expense account route has long been used to give pay raises to elected officials in the middle of their terms. That skirts the law against granting pay raises during a term of office. We don't approve of this ignoring the constitution but accept it as a reality that is done regularly. However, to include it in computing retirement benefits was just too much. Well some more folks thought the same thing. Thus letters went out from the county commission asking our legislators to strike that section from the proposed expense account bill. The letter cited state laws that conflicted with the verbiage. The puzzling thing that we came away with is a couple of the county commissioners (who voted to approve this expense change) tried to say it didn't include the bit about the expense account . . . well, not until we read it to them word for word.

A bill has been introduced in Washington to make it a federal offense to attack a news reporter. We should be saying 'thank you' but can't in good conscience do so. Over the years we have questioned the logic of these numerous special laws protecting one narrow group or another. This one falls into that category so if we question the reasoning for each of those, we must take the same position with this one. An attack on anyone is against the law in all fifty states so stop writing new laws and just enforce those on the books. That should be enough in any situation.

Wonders never stop. The scandal over college admissions, bribery, etc., is embarrassing. It is not unusual for someone who doesn't make the cut on admissions, or anything else, to cry foul. This is a way of using a crutch to avoid admitting we didn't make the grade. Yet here we read that it is oh so true with college coaches and other staff members taking bribes to let a particular teenager get into college. Shame, shame.

Alabama AG makes statement on arrest of suspect in 20-year-old Wiregrass Cold Case

Alabama Attorney General Steve Marshall issued the following statement earlier this week concerning the arrest of a suspect for the 1999 murders of Tracie Hawlett and J.B. Beasley of Dothan, Ala.

"For two decades the families of Tracie Hawlett and J.B. Beasley have sought answers and a suspect in the unsolved brutal murders of their 17-year-old girls," Marshall said. "On the night of July 31, 1999, Hawlett and Beasley went together to a party in nearby Headland and lost their way. Sadly, they never made it back to their families. Their bodies were found the next day in the trunk of Beasley's car. Both girls had been shot in the head."

He said DNA evidence recovered from Beasley's body and clothing helped to create a profile of the suspect, but despite our best combined efforts law enforcement were never able to find a genetic match—until now.

On Friday, March 15, 2019, members of the Ozark Police Department's Investigations Division, as well as Agents with the Federal Bureau of Investigation and the Alabama Attorney General's Office arrested* Coley Lewis McCraney in Dale County, Alabama, on charges of capital murder and rape. McCraney, a resident of Dothan, had no prior criminal record which would have previously provided his DNA profile to law enforcement in the Combined DNA Index System (CODIS) run by the FBI.

McCraney has remained anonymous to investigators until new DNA testing of forensic evidence utilizing family genetic analysis finally led law enforcement to McCraney as a suspect.

"I wish to commend Chief Marlos Walker and the Ozark Police Department for their exemplary investigative work that ultimately led us to identifying a suspect and making an arrest on Friday," said Marshall.

The Alabama Attorney General's Office, the Ozark Police Department, the

Dale County Sheriff's Office, the Alabama Department of Forensic Sciences, the Federal Bureau of Investigation, District Attorney Kirke Adams, and other law enforcement agencies have been supporting this investigation for many years.

"We will continue our efforts to assist in the investigation including providing digital forensic evidence analysis," Marshall said. "Today, all who have sought justice for Tracie Hawlett and J.B. Beasley—including all the residents of the Wiregrass—are finally near closure in this long and painful case."

**An arrest is merely an accusation. The defendant is presumed innocent unless and until proven guilty.*

PHILIP BOX, MINISTER
ELBA CHURCH OF CHRIST

Caring For Others

One of the most well-known miracles that Christ performed is the feeding of the five thousand (Matthew 14:13-21; Mark 6:33-44; Luke 9:11-17; John 6:2-14). This is the only miracle that is recorded in all four of the gospels. One of the reasons this miracle is so important is in it we find that Jesus stopped and helped people.

It is no mystery that people have real legitimate needs, people right here in our area. Jesus wanted to get away to a "deserted place" only to find out that he had been followed. This must have been exciting and draining for Jesus and his disciples. Jesus wanted to help and mentioned feeding them (Mark 6:36), and the apostles wanted to send them away. The disciples were tired and hungry themselves, but Jesus knew that these people were like sheep without a shepherd and that he needed to take care of them spiritually and physically (Mark 6:34).

The needs of other people are evident today. The greatest need, no doubt, is spiritual, but we would be foolish to say that is the only need. People need food, water, they need clothing, and shelter (James 2:15). We have those who are sick that we need to visit (Matthew 25:36). Emotional needs also exist, drug and alcohol addiction is real, children are abused by the ones that should love them, and the list could go on and on.

The truth of the matter is that it is hard and not always convenient to help. Christ talks to Philip about feeding these people, and the conclusion that he comes to is that there is not enough money to provide (John 6:7). This is our response a lot of times. If we don't have the money, then there is nothing that we can do. We begin to rely on our own resources rather than relying on God. A little in the hands of God is much. Let's do what we can with what we have as we love God, love others, and serve the world.

The member congregations of the Elba Ministerial Alliance are collecting clothes for our clothes closet. Let me encourage you to support the Cornerstone Clothes Closet with items needed but not normally received...Blankets, Sheet sets (any size), Men's undershirts (L, XL, and 2X), Men's underwear, Men's socks, Boys and girls underwear, Children's socks, Women's socks, Men's shoes, Boys and girls coats
Our members are currently collecting these items until April 14th. If you have questions about this project or any of our other projects please call 334-897-2057 or 334-897-2219.

ADPH announces state's launch of eWIC pilot project in two phases

State Health Officer Dr. Scott Harris this week announced the beginning of Alabama's eWIC pilot project which will be launched in two phases. Participants in the Alabama WIC Program in Autauga, Elmore and Montgomery counties are being issued the state's first eWIC electronic benefit transfer cards.

WIC is the Special Supplemental Nutrition Program for Women, Infants and Children funded by the U.S. Department of Agriculture, Food and Nutrition Services. Through this new system, benefits for WIC-approved foods are automatically entered onto a card that is similar to a debit card. This card replaces the current paper-based food

instruments and cash-value vouchers which are redeemed at WIC-authorized stores statewide.

Each month more than 120,000 Alabama participants at nutritional risk receive WIC benefits through all county health departments and with two private local agencies. There are currently 638 WIC-authorized stores in the state.

Alabama WIC Program director Amanda Martin said, "I want to thank all of the program staff that have been involved with eWIC implementation and our clinic staff who see participants daily to provide WIC services. We have been working towards this milestone since 2009 and are

LODGING TAX BILL

Synopsis: Coffee County currently does not levy a lodging tax. This bill would levy a 4% lodging tax in Coffee County, provide for the collection of the tax and the distribution of the proceeds from the tax. One-half of the proceeds collected within the corporate limits of any town or municipality would be distributed to that town or municipality. All of the proceeds of the lodging tax would be used for the promotion of tourism and economic development and related costs.

ABILL TO BE ENTITLED AN ACT

Relating to Coffee County; to levy a lodging tax; and to provide for the collection of the tax and the distribution of the proceeds from the tax.

BE IT ENACTED BY THE LEGISLATURE OF ALABAMA:

Section 1. In Coffee County, in addition to all other taxes imposed by law, there is levied a privilege or license tax in the amount herein prescribed upon every person, firm, or corporation within the county engaging in the business of renting or furnishing any room or rooms, lodging, or accommodations to a transient in any hotel, motel, inn, tourist camp, tourist cabin, or any other place in which rooms, lodgings, or accommodations are regularly furnished to transients for a consideration. The amount of the tax shall be equal to four percent of the charge for the rooms, lodgings, or accommodations, including the charge for use or rental of personal property and services furnished in the room; provided, however, that there is exempted from the tax authorized to be levied under this section any rentals or services are required to be included in the tax levied by the state sales tax act. This tax shall subject to the same exemptions as the state lodging tax as provided in Chapter 26, Title 40.

Section 2. The tax authorized to be levied shall be collected as provided by the Coffee County Commission.

Section 3. The tax collected pursuant to this section shall be distributed in the following manner:

(1) One-half of the tax collected within the corporate limits of City of Enterprise shall be distributed to the City of Enterprise pursuant to this tax shall be held in a separate fund or account and used for the promotion of tourism and economic development and related costs at the discretion of the City Council.

(2) One-half of the tax collected within the corporate limits of any other town or municipality shall be distributed to such town or municipality for the promotion of tourism and economic development and related costs.

(3) One-half of the tax collected within the corporate limits of any town or municipality and any tax collected in the unincorporated areas of the county shall be deposited into the Coffee County General Fund to be used for the promotion of tourism and economic development and related costs at the discretion of the Coffee County Commission.

Views From The Pressbox

By Ricky Mularz, Sports Editor

Our grandson Lawson brought home another great report card from school last week and it looks like my little man is learning a lot as a second grader. His Mom and his Nanny help him study and make sure he reads a book every night, and so far the formula seems to be working wonders. Wow, am I a bragging Granddaddy?

For what it is worth....

*** **The Elba Tigers opened area play** last week with a doubleheader loss to top-ranked Brantley. The Tigers barely put up a fight in the first game of the twinbill and lost in five innings, but did show some life in the second game and led midway through the contest before being outscored. Elba still has a very good baseball team with the potential to make a run deep into the playoffs, and must use the disappointing losses to drive them to work harder in practice and carry that work ethic into the games.

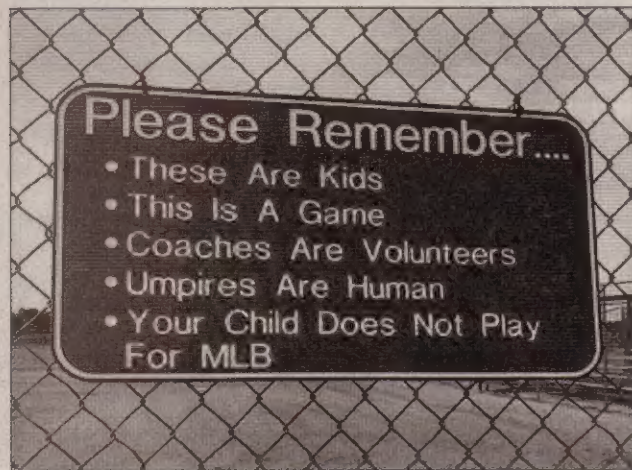

*** **The Elba Lady Tigers saw** their four-game winning streak snapped with a lopsided loss to top-ranked Brantley, and simply made too many mistakes against a very good opponent to even have a chance at posting a win. The Lady Tigers success has been based upon its hitting, its speed on the bases and quality pitching, and that team is still here and needs to rebound from the area loss and learn as it goes as it battles through the remainder of the schedule.

*** **It was another big week** for the teams in the area, with Brantley extending its win streak to eight games in baseball and Kinston getting a big win over New Brockton in a cross-county clash. In baseball, Brantley continued on a roll with a win over Luverne and a doubleheader sweep in area play over Elba, while New Brockton made it look easy with wins over Kinston and Zion Chapel, and the Bulldogs and Rebels both showed signs of improvement despite a couple of losses. Over in softball, Brantley lost the battle of the state's top ranked teams in 1A and 2A with a narrow loss to G.W. Long, but snapped its three-game skid with a key area win over Elba. Kinston picked up a big win over its rivals from New Brockton and appear to be a team to watch in the 1A ranks, while New Brockton continued to improve with a win over Zion Chapel, and Zion Chapel kept on battling as it works to be a 2A contender.

*** **Elba High football coach Pate Harrison confirmed** last week that the Tigers would conclude spring football drills with a spring game against the New Brockton Gamecocks, in New Brockton. Both Elba and New Brockton could throw a kink into the plans with a run in the baseball playoffs, but the game is on the calendar and it is good to see the two county rivals getting back together. Now if Coach Harrison can get both New Brockton and Zion Chapel back on the regular season slate it would be even bigger!

*** **March Madness is here** in college basketball and it looks like while the SEC will get a bunch of teams in the field, none are really legitimate threats to bring home the title. I know Kentucky fans will disagree and follow the Wildcats by the thousands, but the 'Cats can't even beat Tennessee, and that ain't good, even though the Vols aren't a bad team. The field is wide open, and it should be fun to watch.

*** **In closing....** the recent cool weather hasn't been good for the fishing at the Coffee County Lake, but the bluegill will go on bed soon and the bass are tearing it up as they head off bed. The sun will warm things up as the day goes along. So, head out to the lake and wet a hook, its cheap enjoyment and if you leave your cell phone in the truck it can be a way to spend a few quiet hours.

YOUTH BALL REMINDER...Youngsters are in full swing practicing for the start of the upcoming youth baseball and softball seasons around the area, and this sign that is posted at a field at Elba's Hawkins-Williams Park is a good reminder to all — it's just a game and these are kids playing it! Let's all have fun this season and show good sportsmanship each and every time there's a game underway!

Edge Highland Home 4-3

Lady Tigers win fourth straight

The Elba Lady Tigers got back on the field after a week off due to inclement weather and picked off where they had left off with an exciting 4-3 road win over Highland Home.

Elba jumped out to an early 1-0 lead in the top of the first inning when Sandra Lindsey led off with a single, stole second and third, and raced home on a ground ball by Jaylyn Baker.

The Lady Tigers pushed their lead to 3-0 in the third when McKenna Gray singled to open the inning, stole second, and moved to third on a single by Zaida Williams. Williams was forced out at second on a grounder by Sandra Lindsey, but Gray scored on the play, and Lindsey scored one batter later Lindsey raced home on an rbi double by McKenzie Hooks.

Highland Home plated two unearned runs in the bottom of the third to cut the lead to 3-2, but the Lady Tigers added an insurance run in the fifth when McKenna Gray walked, stole second, and later scored on an rbi single by Sandra Lindsey.

Highland Home pulled within 4-3 in the sixth. However, the Lady Tiger sat down the Squadron in order in the seventh to secure the hard earned road win.

Sandra Lindsey had 2 hits, scored 2 runs and knocked in 1 run to lead Elba at the plate, while McKenzie Hooks added 1 hit and 1 rbi, McKenna Gray added 1 hit and scored 2 runs, and Zaida Williams added 1 hit.

McKinley Jerkins picked up the win in the circle as she pitched seven innings, allowed five hits and struck out four batters.

bined four walks with an rbi single by Haleigh Layton and a two-run single by Danaejah Flowers to jump out to a 7-0 lead in the top of the first inning, and while Highland Home plated two runs in its first trip to the plate, the Lady Tigers added three more runs in the second thanks to a lead-off single by Haleigh Layton and a two-run double by Danaejah Flowers.

An rbi single by Liza Rodriguez helped Elba plate two more runs in the third inning and the Lady Tigers easily held on to claim the impressive 13-5 road win.

Danaejah Flowers had 2 hits, scored 1 run and knocked in 4 runs to lead Elba at the plate, while Haleigh Layton added 2 hits, scored 3 runs and had 1 rbi; Liza Rodriguez added 1 hit, scored 1 run and had 1 rbi; Navaeh Sanders added 1 hit and scored 1 run; Victori Edwards and Madison Dooley both scored 2 runs; and Aimee Senn, Aubrey Chandler and Emily Richardson both scored 1 run.

Elba Tigers swept by Brantley in area doubleheader at Elba

The Elba Tigers saw their recent win streak snapped last week with a 12-2 and 15-8 doubleheader loss to the top-ranked Brantley Bulldogs.

In the opening game of the twinbill Brantley jumped out to an early 8-0 lead and coasted to the 12-2 win in five innings. Greyson Layton had 4 hits and knocked in 4 runs to lead the Bulldogs in the big win, while Tucker Kilcrease added 3 hits and 4 rbi's, Jake Kilcrease added 3 hits, and Dillon Smith and Carson Jones combined to pitch five innings and allowed seven hits, while recording five strikeouts.

In the nightcap, Elba watched an early 6-3 lead vanish as the Bulldogs rallied to complete the sweep with a 15-8 win. John Martin Wilson had 3 hits to lead the Tigers at the plate, while Chanler Coppage added 2 hits and 3 rbi's and Carson Wise drew two bases on balls.

Lady Tigers drop area opener to top-ranked Brantley 14-0

The Elba Lady Tigers hosted the top-ranked Brantley Lady Bulldogs last week to open area play and allowed six unearned runs as they saw their four-game winning streak snapped with a 14-0 loss.

Brantley scored in the opening inning when Emory Bush led off with a single and scored thanks to two Elba errors, and upped its lead to 3-0 in the second on base hit by Gracie Free and Lauren Hudson, and two more Elba miscues.

A two-run homer by Hannah Sims extended Brantley's lead to 5-0 in the third, and Sims added another two-run blast in a seven-run fifth as the Lady

Bulldogs put an end to the contest due to a run-rule.

Jaylyn Baker and Praise Edwards both had 1 hit to lead Elba, while Hannah Sims had 3 hits, scored 2 runs and knocked in 4 runs to lead Brantley and Emory Bush added 3 hits, scored 3 runs and collected 2 rbi's.

(JV Game)

The Elba Lady Tigers held their own through two innings before watching Brantley pull away late to defeat the Lady Tigers 9-2.

Aimee Senn reached on an error in the bottom of the first inning and made her way around the bases to cut the Brantley lead to 2-1, while Liza Rodriguez singled in the second and later scored on a grounder off the bat of Emily Richardson as the Lady Tigers trailed only 3-2 after two innings of play. Brantley put the game away with a six-run third inning; however, and held on to hand Elba the 9-2 setback.

Aimee Senn and Liza Rodriguez both had 1 hit and scored 1 run to lead Elba at the plate, while Emily Richardson had 1 rbi.

Turkey season is now open in Alabama for most counties

Spring turkey season opened March 16, 2019, and will close April 30 for most Alabama counties. In 2018, the Conservation Advisory Board passed a motion that set the start date for turkey season as the third Saturday in March each year.

The decision was made to allow as many hens as possible to breed before the males are harvested. Research suggests that slightly delaying the season could have a significant impact on increasing the turkey population. No changes were made to the bag limit, which is one gobbler per day with a total of five during the combined spring and fall seasons.

"The Advisory Board's decision is related to growing concerns of an observed decline in wild turkey population growth in Alabama," said Steve Barnett, Wild Turkey Project Leader for the Alabama Division of Wildlife and Freshwater Fisheries. "Harvest data shows that many adult gobblers are harvested in the first two weeks of the season. That's well before the peak of nest initiation."

Additionally, spring turkey season will be

delayed for research purposes on the following Wildlife Management Areas: Barbour, J.D. Martin-Skyline, Hollins, Oakmulgee, Lowndes, Choccolocco, and Perdido River. The delayed season will run March 23 to April 30, 2019. For more information about the delayed season, call 334-242-3469.

Hunters are reminded that all turkey harvests must be reported through Alabama's Game Check system either online at www.outdooralabama.com or through the Outdoor Alabama mobile app. The Outdoor Alabama Mobile app is available at www.outdooralabama.com/contact-us/mobile-apps.

BABY

(Continued from Page ONE)

that flashlight as steady as he could and offered all kinds of encouragement to Jones as he delivered the new life.

There was a moment of scare for Jones, however. He said once the head emerged, he realized the umbilical cord was wrapped around the baby's neck. So, he had to gently work that loose without causing any further issues.

Now, this alone would have been excitement enough for the dispatch/officer team, but that is not how it went Saturday night. Approximately five minutes after the team began working to deliver the baby, another 911 call came in to dispatch — a shots fired call in the area of Reynolds Avenue.

With the baby emergency in front of the police department, Officer Seagle responded alone to this call. Inside dispatch, two emergencies meant the seasoned veteran and the trainee had to divide up the duties while Jones was outside in the middle of delivery.

Boyd said she was super proud of Snell in how she handled the situation.

"She wasn't a trainee that night," Boyd said. "She took control of her duty and handled it like a pro while I was tied up with dispatch measures for the other call."

Upon his arrival on scene of the shots fired report, Officer Seagle determined the suspect vehicle had fled the area. He remained on scene working to determine what exactly had transpired on Reynolds Ave.

At the same time downtown, Sgt. Rogers notices a vehicle go past the courthouse on Davis Street at an extremely high rate of speed. He said at first it caught him off guard, but suddenly he realized, "That was the shooting suspect car!"

Baby delivered and Jones handling the situation while

still awaiting arrival for the backup.

Haynes Ambulance, Rogers said he threw the flashlight down and took off in pursuit of the shooting suspect vehicle; however, he said despite his best effort, watching it fly by the courthouse downtown was the last time he saw it.

"They either turned off somewhere before I could catch them or they were traveling well over 100 miles per hour," Rogers said.

Upon his return to the police station, Rogers said he was happy to see Haynes had arrived to transport the mom and new baby to the hospital. The ambulance was driving away as he arrived.

Not seeing Jones, Rogers said he asked the mother-in-law where his dispatcher had gone, and she replied that he was in the ambulance.

Jones said the Haynes Ambulance arrived with on the one medic, expected one patient. There were two now, so, he was asked to go along to the hospital and assist the medic.

After learning about the 'excitement' his dispatcher and officer team experienced last Saturday night, Elba Police Chief Leslie Hussey surprised them Sunday night with pizza for supper. He said he was super proud of the job this team did working together on not one but two emergencies at the basically the same time, and he wanted them to know he was proud of their work.

"Some people think all our dispatchers do is answer phone calls," Hussey said. "This is a perfect example of how frantic their jobs can be, and it shows they do a whole lot more than just answer a phone."

He said he knows dispatchers have talked people through birth emergencies several times through the years over the phone, but

he believes last Saturday night was the first time a baby had actually been delivered by a dispatched in front of the Elba Police Department.

Jones said having this birth emergency turn out good was something he and his team would never forget.

"It was an awesome job by our entire team," he said. "I want to thank my fellow co-workers for all they did to help me through that situation. I could not ask for better people to work with on a daily basis."

While in the middle of the emergency no one actually got the name of the mother, the crew said they had received word back on Sunday that both mom and baby were doing fine.

"These guys and ladies did an outstanding job Saturday night, especially Jesse," Hussey said. "And, I want them to know their work does not go unnoticed. We are fortunate to have such good employees here at the Elba Police Department."
